### REMARKS

Herewith claims 1-29, 31 and 33 are canceled without prejudice or disclaimer as to the subject matter thereof, claim 32 stands allowed, and new claims 34 and 35 are added. Claim 32 is amended to correct a minor typographical error although claim 32 was indicated as allowed.

New claims 34 and 35 closely parallel the language of allowed claim 32 but are recast as an apparatus (via 35 U.S.C. §112, paragraph 6) and a method in lieu of the allowed software readable medium of allowed claim 32.

Accordingly, Applicants respectfully suggest that new claims 34 and 35 are patentable over the art.

This Amendment After Final is tendered to place the application in condition for allowance without raising addition issues or requiring additional search. Applicants respectfully request entry and favorable consideration of the remarks and amendments tendered herewith.
